Meet Your Automatic Pet Feeder

Set Up Your Automatic Pet Feeder

Test before using:

1. Plug in or install 4* "C" size batteries and switch on, then you can start to set up your automatic pet feeder.
2. Please hold "🔒", "+" buttons at the same time to unlock your control panel.
3. Please long press "+" button for one second to check if the food tray rotates properly.

Set the Current Time:

1. Press "🔒". The hour digits will flash.
2. Press "+" or "-" to find the current hour and press "🔒" again to save.
3. Once the hour is saved, the minutes digits will flash.
4. Press "+" or "-" to find the current minute and press "🔒" again to save.

Set Up Your Automatic Pet Feeder

Setting the First Meal Time:

1. Once the time is set, the unit will enter Meal Time Setting Mode. The LCD will display the "⌚" icon and the hour digits will flash.
2. Press the "+" or "-" buttons to find the hour and press "⌚" again to save.
3. Once hour is saved, the minute digits will flash.
4. Press the "+" or "-" buttons to find the minute and press "⌚" again to save.
5. Repeat the steps above to set additional Meal Times (up to 4). After setting, long press "⌚" for 3 seconds to exit setting. If LCD shows how many meals you've set, means a success to meal setting. If you want to cancel one of them, just reset that meal time to "00:00".

Recording Meal Call for your Pet:

1. Press and hold "🎤" button. Recording Icon will display on the control panel.
2. Speak into the Recording Port (small hole by the MIC Indicator) and record your message (up to 10 seconds).
3. Release the "🎤" button when finished recording. The Recording Icon will go off and the upper right will display "🔊".
4. Press the "🎤" button to listen to the message.
5. If you want to update your voice message, just repeat above steps.

Restore Factory Setting:

1. Press "⌚" button, hours digits will flash.
2. Hold down "🎤" button to clean all programmed meals and settings.

Assemble & Disassemble

Install the batteries / adapter:

Remove the battery cover (at the bottom) and install 4* "C" sized batteries properly, or plug in power supply, then turn on the switch at the bottom, and the LCD will be activated, which means the adaptor is working normally.

Assemble & Disassemble food tray:

Press the lock button to remove the cover, the food tray can lift out for easy cleaning. Please put the food tray and rotate properly to keep it stable, install the cover while pressing the lock button.

⚠ Cleaning Your Smart Feeder:

1. Please cut off the power and unplug the adapter before cleaning.
2. Clean the unit with a damp cloth rather than a soaked cloth.
3. The food tray can be removed for cleaning.
4. The food tray can be cleaned in the automatic dishwasher.
5. It needs to be wiped clean and completely dry before refilling the food.

FAQ

1. Unlock the Control Panel:

Please hold "⊕" and "⊕" buttons at the same time for 1s to unlock the control panel. The screen will automatically lock within 30 seconds if you do not lock it manually.

2. Instant Feeding:

Please hold "⊕" for 1 second to have an instant feeding.

The food tray will rotate one meal.

If food tray doesn't rotate, please press "⊕" and "⊕" at the same time to unlock the control panel.

3. Low Battery Indicator:

Please replace the battery in time when the low battery indicator flashes.

4. Factory Default Setting:

Unlock the control panel and press "⊕", hour digits will flash, then hold and press "⊕" for 1 second, then, meals and clock icon will disappear, which means all the settings will be deleted.

5. Exit the Current Setting:

Press and hold "⊕" for 1 second to exit time-setting mode and you will be returned to the current time interface.

6.Fill Pet Food:

Fill food into the food tray. Pet food should not be higher than the top cover. And when fill wet food, do not spill it. Please keep the feeder balance after filling food.

7.Feet Protection Design:

To prevent your pets from being hurt by our feeder, we work out the function of feet protection. The feeder will rotate back for 1 second while your pets put their feet in a rotating feeder, and 【E1:99】will show on your screen. Then it will begin to count down and go to 【E1:00】after 99 seconds. The feeder will be in a standby mode and then return normal as soon as the 99 seconds countdown finished.

Abnormal Notifications:

1. Feet Stuck Error: start from【E1:99】then count down to【E1:00】in 99 seconds;
2. Device abnormal: 【E4:--】.

※Please check our official website www.casfuy.com/feeder in time when you find something inconformity of the instruction book.
